不过
在埃尔泽特大公
回来之前抓到人已
经算幸运了。

这气氛真是吓得
人心颤惊啊...

他全家恐怕都得
一起上断头台了吧?

要是落到
那个残忍的大公手里。

This is a high-contrast, black-and-white halftone image of a person's face. The features are obscured by a dense grid of dots, giving it the appearance of a photocopy or a severely compressed digital image. The person has short hair and appears to be wearing a light-colored shirt. The background is dark and indistinct.

This image is a high-contrast, black-and-white halftone print. It features a dense grid of small dots that form the background. Overlaid on this grid are several distinct vertical bands of varying dot density, creating a sense of depth or motion. A prominent feature is a large, solid black rectangle located in the lower-left quadrant. To the right of this rectangle, there is a vertical column of horizontal lines, which appear to be the result of a scanning artifact or a specific printing technique. The overall effect is one of a stylized, abstract representation.

战争看来也结束了。

大公回国布都的
日子也不远了吧...

This image is a high-contrast, black-and-white halftone print. It features a large, dark, irregular shape that is heavily textured with a fine dot pattern, suggesting a high-resolution scan of a physical object like a piece of fabric or a specific type of abstract artwork. The background is a lighter shade with a subtle, diamond-shaped halftone dot pattern. A vertical black bar runs along the right edge of the frame.
